1 Activating the Warranties

A member of Go Barefoot Limited staff, or our supplying Dealer (as appropriate) must explain the terms and conditions of your Warranty to you and register your purchase with Go Barefoot Limited to activate the cover.

2 Warranty Periods, Terms and Conditions.

The Warranty period begins on the date of registration or 12 months from the date the caravan was invoiced to the Dealer, whichever is sooner.

Cover is limited to caravans used primarily in the UK. Cover for use outside the UK is limited to 90 days per continuous trip.

Caravans produced by Go Barefoot Limited are covered by a standard **two-year Warranty**. This Warranty is backed by all key suppliers of parts and labour including, but not limited to Graham Edwards Trailers Limited, Cheltenham Laminating Company Limited, and Auto-Sleepers Group Limited.

During this period, Go Barefoot Limited undertakes to repair, or if deemed necessary by us, replace any defective parts of the caravan. Any repairs carried out or parts replaced under the terms of the Warranty are covered for the unexpired term of the original Warranty period. With the exception of fibreglass repairs (see below), the caravan must be returned at the customer's expense to our facility at Unit 72, Northwick Business Centre, Blockley, Nr Moreton in the Marsh, GL56 9RF for warranty repairs to be carried out.

The Warranty cover is conditional on a Habitation Service and Water Ingress Survey to be carried out 1 year (+/- 60 days) from the start of the Warranty. This work must be carried out by an authorised Go Barefoot Limited Dealer or an NCC approved service centre and must, as a minimum, satisfy the requirements of the NCC Caravan Habitation Service Schedule and include a comprehensive Water Ingress Survey. We recommend annual servicing every year after that.

Owners must have the service record section of this document stamped by the service agent and retain the original receipted VAT invoices for the service and survey as proof of compliance with this requirement. Note that your Dealer is responsible for logging the service with Go Barefoot Limited.

Where the service or survey identifies that repairs are necessary, the caravan must normally be made available for the repair within six weeks.

Go Barefoot Limited will only be liable for the costs of the repair and no liability will be accepted for other expense such as loss of use, income, business or pleasure.

Your attention is drawn to the Caravan Owner's Manual and you should familiarize yourself with the warnings, prohibitions, recommendation and instructions relating to the proper use and maintenance of the caravan.

Dealers and their agents cannot vary the terms and conditions of this Warranty nor can they bind us to any agreement for warranty work to be undertaken unless they have obtained our prior authority.

4 General Conditions

You should note that the one year service and inspection is required as part of the Warranty terms and conditions, and failure to have it carried out will invalidate the Warranty.

Warranty issues must be reported direct to Go Barefoot Limited or your Dealer as soon as they are discovered. They will be able to advise you whether or not it is safe to continue using your caravan without causing further problems and determine the most suitable course of action to get the problem

resolved. Please note that defects arising as a result of continuing to use your caravan having been advised not to, by your Dealer or Go Barefoot Limited, will not be covered by the Warranty.

You should always consult your Go Barefoot Dealer before fitting optional equipment or making any alterations as unapproved modifications, however minor, may invalidate the Warranty.

If the caravan is sold before the end of the original Warranty, the benefit of the remaining period may be transferred to the new owner using the form attached. The application for the transfer must be received by Go Barefoot Limited within 14 days of the acquisition of the caravan, or the remaining cover will be cancelled. We may ask for proof that the caravan has been correctly serviced when the application has been reviewed.
